Professional Experience

DRAPED(E-Commerce), Software Engineer & Web Developer

Aug 2017- Present - (www.DrapedOfficial.com)

- Responsible for **building and updating** the company's newest e-commerce website. **Functionality + design** using JavaScript, HTML5, and CSS3 + frameworks.
- 3rd Party API Integration, content management, product cards and add to cart- checkout, promotion and discount codes, blog integration, SEO and more.
- Proposed a React.js app overhaul because of my experience, and is currently in development build.

Self-Employed, Freelance Web Developer & Designer

May 2019 - Present (tflearydev.github.io)

- Creating robust solutions for enterprise and independent clients using technologies such as JavaScript, React.js, Node.js, MongoDB, Express.js, HTML5, CSS3 + Bootstrap and more..

Presidential Automotive, Manager/ Developer

Aug 2015 - Aug 2016 (Team Member)

Aug 2016 - Aug 2017 (**Promotion:** Manager / Web Developer)

- Developed a simple **customer-vehicle management application** to keep track of customers, cars on the lot, and shops nearby, which **earned me a promotion.** .
- Maintained vehicle-management system along with website and daily ops.

General Assembly, Software Engineer

- 850+ hours where I elevated my expertise in: HTML5, CSS3, JavaScript, jQuery, Handlebars, React.js, Bootstrap, Node.js, MongoDB, MVC, RESTful & more.
